

Away Love Away

Larry & Leslie Latour

It's dark before mornin'
The stars are fadin'
Watching the sun break the
day
It's so deathly quiet
There's beauty around us
Away away night's away

The mist on the water
Surrounding the rocks
On the shoreline
Out over the bay
The waves gently lapping
On sleeping boats waiting
Away away mist away

(Chorus)

Away
Away
Away
Away mist away
Oh away
Away
Away
Away mist away

A captain sits dreamin' of an
evenin' red sky
A proverb of sailors and the
sea

A feeling inside says that he'll
be believing
Away away red sky away

My Love's on the dockside
With tear streamin' eyes
Hopin' for a glimpse o'er the
bay
Her lover is standing on deck
in the mornin'
Away away love away

(Chorus)

Away...

The sun it is rising
The night it is stilled
The wind it is rising
The sails they are filled
With the mountains behind us
We are sailing away
I'll be back in the autumn
To hold you I say

(Chorus)

Away...

It's dark before mornin'
The stars are fadin'
Watching the sun break the
night
