

**Catch Me When I'm Flying**  
**Larry Latour (2000)**

You know I'll always be there  
You know I'll be around  
While it seems I'm floating out in space  
I always come back down

**(All these)**(24) years **(are)** (is) a long long time  
Living out a dream  
You deserve a medal  
**(And Now)** (But Instead) you're **(here)**(stuck) with me

**(Chorus)**  
**Oh catch when I'm flying**  
**Comfort me when I'm crying**  
**Help me when I'm dying**  
**God only knows I'm trying**

Staring at the faces  
in the patterns on the wall  
Wonder why they're smiling'  
at the face behind it all  
If I look real hard  
They're always looking just as hard at me  
You might think I'm crazy but I'm not

I'm not so very handy  
I try and mostly fail  
If the whole world is a hammer  
Then everything's a nail  
**(I)**(You) might have gotten lucky.  
Like your father I could be  
But I think **(I'm)**(You're) somewhat satisfied  
What I ended up to be

**(Chorus)**

Just trying to find a storyline that's trying to find me  
Clearing my mind of the lint I find  
Is the first step to be free  
I wish I knew how the words came out  
They came in spite of me  
Words of love and sighing

Sometimes I'm hard to live with  
Stubborn is my name  
But you know that when you need me  
I'm right there all the same

Some folks say too many songs  
are in the key of me  
But they'd agree that now and then  
that's the way it ought to be

**(Chorus)**

I see so many people  
Wearing troubles on their sleeves  
I keep them all down deep inside of me  
Maybe that's not the best way to be traveling through my life  
But sometimes that's the way **(I'd like)**(It has) to be

**(Chorus)**

God only knows I'm trying  
God only knows I'm trying
