

I Gave You Back

Leslie Latour

If I could fly
I would ask my wings to carry you
Upon the wind
To rise up o'er the sea
Across the canyons
Down in through the valleys
To bring your youthful smile
Back home
Here to me

(Chorus)

**I gave you back
To wind and sun and heavens
I gave you back
To sand and salt and sea
I placed my faith
In places where they'll find you
But now I'm wanting you
Back home
Here with me**

I hear your laughter
Within the swirling autumn leaves
I feel your gentle soul
Each setting of the sun
I see the path you're on
Each time I say my morning prayer
I'll cry these tears
Until this life is done

(Chorus)
