

# I've Got Room In My Cocoon (capo 2) – L&L Latour

## (Intro Verse)

Cm7... Fm7... Bb7... Ebmaj7  
Think about the springtime  
I've got room in my cocoon  
If you want to just be quiet  
And wait out all the cold & the  
cacophony.

(Dm7-5... G7)

I've got room in my cocoon  
Where we can listen  
I've got room in my cocoon  
Where we can listen

Cm7... Fm7... Bb7... Ebmaj7  
to the breath, and only leave the world  
to weave & spin  
I've got room in my cocoon  
if you can stand to just await,

Dm7-5... Cm7... Cm7-5... G7  
until we're ready to become  
what we don't know of.

With a love between us that we  
never spoke of

Cmaj7... Fm7... Bb... Ebmaj7  
We can dance between the shadows of  
the morning  
Or we could hide amidst whatever we  
call yesterday

Dm7-5... Cm7... Cm7-5... G7  
It isn't everyone I'd share  
This peaceful place with  
There's only one that I would  
share this sweet embrace with

Cm7... Fm7... Bb7... Ebmaj7  
But It's the stillness & the silence  
of the darkness that just might  
make you want to turn & run.  
make you want to turn & run.

(Dm7-5... G7)

But we can stay here and be  
something else completely  
when we leave here  
Save the time and place  
for you and me here

Cmaj7... Fm7... Bb... Ebmaj7  
We can dance between the shadows of  
the morning  
Or we could hide amidst whatever we  
call yesterday

Dm7-5... Cm7... Cm7-5... G7

And I would watch and wait as  
long as there is time to  
Then we would dance this dance  
as long we've a mind to

So,...(Repeat intro verse)

for the springtime & the free
