

Just a Little Love Song - G

(F) (G) You keep saying
Write a (Am7/G) love song
You keep saying
tell me more
(M) I keep asking
for another
So i can even
up the score

(F) I keep (Em) asking
You to tell me
About the (Am7/G) way You let me in
(M) How You (Em) had to fall in love
Cause You (Am7/G) saw that lovin
grin

(F) How you (Em) hold me when
You're crying
Or you (Am7/G) sing you back to sleep
(M) How You (A) know I've got your
back
When You're (Am7/G) just to tired to
(D)
speak

(chorus)
Just a little (G) love song
For (Am7/G) you (I'll be true)
Just a little (G) love song
For (Am7/G) you
Just a little (Em) love song
For (Am7/G) you
Just a little (Am) love song
For (D) you

(F) How the first time that you held
me
I knew You were at home
How in any other mans arms I had
always felt alone

(M) How You never thought
A man would ever want to be so true
Yea baby so you tell me
That man he is you

(chorus) Just a little love song
For you...

(Instrumental "16" Harp/Guitar)

(M) So here's another love song
Of how I came back home
I'd rather be right here with you
And never I will roam

(F) So here's another love song
About the way I let you in
Just another love song
To come back round again

(chorus) Just a little love song
For you... (repeat to fade)
