

October Tide – Larry and Leslie
Latour

Capo 2 G

On the October tide
Heading to the promised land
On the Grand Banks side
Praying we have God's hand

So haul away (haul away haul away)
With the break of the day
And my heart is with you forever
Sailing out on the October Tide
today

I'm on my way
At the break of the day
To the place our fathers lay
On the October tide today

(harmonica interlude)

One last drink before I go
Too early in the morning for my lady
to show
So I was hefting up my gear to stow
On the schooner Isabell

October Tide
Your soul is with me
I'm On my way pretty darling
With a Blue moon rising

You know I love her when I'm home
And I miss her when I'm gone
The dreams of sailors and ladies
The stories all the same

So haul away (haul away)
With the break of the day
And my heart is with you forever
Sailing out on the October Tide
today

(harmonica outro)

October Tide
Your soul is with me
I'm On my way pretty darling
With a Blue moon rising
