

Pink Flamingoes

Larry & Leslie Latour

I have a picture in my mind
I have a picture in my mind
I'm never leavin' that memory behind
Of that picture in my mind

I was walkin' down the beach one day
A day like any other day
Such a sight I did see
Like to make my heart flutter
Her hair the color of butter

A lady in green
Playing in a tidal pool
Like to make my heart flutter
Her hair the color of butter

She was splashing in the water
Sea foam spraying all around her
She was scarin' all the seabirds
They was flyin' in the breeze

She lightened up my life
If only for a moment
A mermaid lady
Seabirds they was flyin all around

Pink Flamingoes
I saw pink flamingoes
Pink Flamingoes
I saw pink Flamingoes

'Twas the beauty of angels
Flyin' towards the sun
Rays of gold among the crimson
Reason for some fun

Movin' closer (Ever closer)
Movin' closer (Ever closer, closer, closer..)

(chorus)
Next thing that I knew
She had me in her wake
The taste of ocean
Eyes of green
Were more than I could take

I loved her in the moment
With all my heart and soul
I watched her as she falling back
The waves begin to roll

Pink flamingoes
Nothing left but Pink flamingoes
Pink flamingoes
I saw nothin' more than pink flamingoes

Movin' closer (Ever closer)
Movin' closer (Ever closer, closer, closer..)

(chorus)
Next thing that I knew...

Pink flamingoes
Nothing left but those damm Pink flamingoes
No more, No more
Pink flamingoes...
