

Tell Your Story Walking

Larry & Leslie Latour, and Linda Latour

Tell Your Story Walkin'
My Daddy always said
As he was eatin' dinner
Or lying down in bed

I always wanted to tell him
What was sittin' on my mind
But "Tell Your Story Walkin'"
Was his favorite goodbye line

(chorus)

Tell your story walkin' (3x)

My Daddy always said

Tell your story walkin' (3x)

My Daddy always said

I decided to walk down Main Street
And take my teddy bear
And my sign with all my story
Written with marker and crayon care

All the people stopped to read it
And they let out a great big smile
I even had a boy share his lemonade
And we stood and we talked awhile

(chorus)

Tell your story walkin...

The dogs they trailed behind me
The cats and the kittens too

I was so amused I didn't care
Mud coverin' both my shoes

We all went down to the village square
Where I stood on a platform stage
And all those people they gathered round me
Like I was a bird in a people cage

Then suddenly through a crowd
I saw his great big brown set eyes
He was upset with me for being there
It's my dad I began to cry

I started to tell him about my day
Through tears of half gone joy
Then Daddy suddenly realized
And he held out for me and my teddy bear toy

(chorus)

Tell your story walkin...

He took an end of my crayon sign
And he smiled a great big smile
We then traveled together down Main Street
We musta' went more than a mile

That day I was so, so happy
'Cause from that day on I knew
That when dad said "Tell your story walkin'"
He went walkin' too

(chorus)

Tell your story walkin...
