

Walking 'Cross The Water – (Capo 5 G)

Larry Latour

(Chorus)

He was walking cross the
water

Walking 'cross the water

Walking 'cross the sea

He was walking cross the
water

Walking 'cross the water

Walking 'cross the sea

(He was) on top of the world

Looking out across the
kingdom of eternity

(Verse)

Must have been a starry night

Must have been a big ol' fire

And that was alright

With me

Must have been a beautiful sight

With her hair flowing down

Must have been about right

Just to be

(chorus)

(Verse)

Must have been hiding out

Must have been far from the
world

Must have been drinkin' about
In order to see

Must have been thinking some

About driving away

Must have been dreaming

For freedom

(Bridge)

Sometimes you worry down

Sometimes you think you're
losing it all

Sometimes sleep doesn't rest so
easy

Sometimes it just doesn't fit

Sometimes it's not quite right

Sometimes you just gotta let it
go

(chorus)
